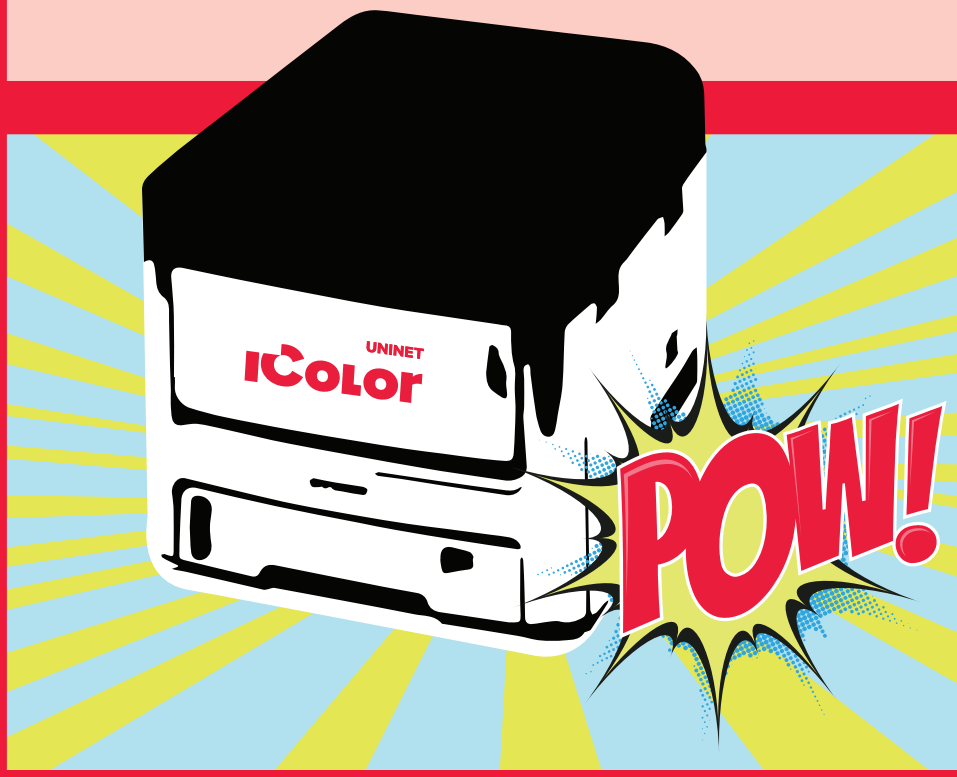
Get your OKI white toner printer superiorly equipped for digital textile & hard surface transferring jobs with the UNINET IColor Upgrade Bundle



UNINET IColor
Your future. Our business.

icolorprint.com

IColor ProRIP Powers

- Save $$$ by controlling the white toner usage.
- Rasterize and do halftone applications.
- Cost Estimation Tool.
- Get custom color profiles.
- Do standard CMYK Queue printing where a spot color is not needed.
- Print from any program and import directly into IColor ProRIP upgrade.
- Use pro layout tools instead of Illustrator and/or Photoshop.

IColor SmartCUT Powers

- Turn your OKI White Toner Printer into an oversize printing capable machine.
- Split and splice for larger textiles (up to size 4x).
- Choose selected masking capabilities and image orientation for the best possible fit onto the transfer substrate.
- Calculate the best split path and divide the image into two, three, or more sections based on the desired finished size.

IColor Paper Transfer Solution Powers

- Fully integrated transfer paper solutions for digital heat transfers onto a variety of dark and light-colored garments as well as hard surface substrates like acrylics, wood, ceramics, glass, metal transfers, and more.
- No cutting or weeding is needed.
- Create trendy vintage looks, print ultra-fine text, and multi-color designs with detail that you only know from screen-printed designs.
- Get a wide variety of transfer paper sizes and finishes.
- Obtain superior durability and image vibrancy.

Take your OKI White Toner printer to infinity and beyond after you purchase the UNINET IColor Upgrade Bundle with our optional IColor Specialty Toner Kits.

- Fluorescent White Toner Kit
- FluoToner Kit
- Sublimation Toner Kit
- Clear Toner Kit
