

UNINET[®] **DTF**[™] 1200 Print Chic

The Formula 1 of DTF Printing

From Desktop to Designer Quality.

The **industry's fastest A3+ / 13" wide DTF printer.**

Dual printheads. Stunning full-color transfers.
Speed meets perfection, and style
for short-run custom apparel.

Small Frame. Big Performance.

Meet the **fastest A3+ / 13"** print width DTF printer available. Paired with a **desktop footprint** and production **speeds up to 50 sq ft/hr**, the **DTF™ 1200** proves that good things come in smaller packages. Designed for manual powder application, it creates vibrant, **weedless transfers** — from simple to intricate, multi-color designs — all in a **single pass**. **Dual HD Printheads** ensure faster output and professional-grade efficiency.

Your Fast Track to Fashion Statements.

Imagine having a **fashion studio on your desk** — creating custom apparel, accessories, sports gear, home décor, and more on fabrics like cotton, polyester, spandex, nylon, leather, canvas, and linen. Produce stretchable, durable, and **soft-touch transfers** with brilliant color and white layers for **virtually any textile**.

Expand Your Potential.

Pair the **DTF™ 1200** with the optional **UNINET® DTF™ 14 Automated Powder Application & Curing Machine** (sold separately) for fully automated powder application, curing, and drying. This upgrade transforms it into one of the most cost-effective, end-to-end DTF solutions on the market.

UNINET® DTF™ 1200 TRANSFER PRINTER PAIRED WITH THE UNINET® DTF™ 14 Automated Powder Application & Curing Machine

Precision. Power. Perfection.

Equipped with **Dual High-Definition Printheads** to ensure faster output and professional-grade efficiency, and White Overprint® technology, the **DTF™ 1200** lays down CMYK and white ink in one pass for crisp, vivid, and professional-grade transfers every time.

The UNINET® Seal of Quality.

Every UNINET product carries the trusted **UNINET® seal of quality** — a standard earned over the years as one of the world's most respected printing solution providers. The **UNINET® DTF™ 1200** is no exception. With premium **consumables, transfer films, and cleaning solutions**, UNINET® delivers a complete, streamlined system that helps printing professionals turn ideas into vibrant creations — faster and easier than ever.
